

THE CARSON MINT.

The annual clean-up at the Carson Mint is now in progress, and will exceed that of any previous year. The Virginia Chronicle says the amount of wastage will come within the figures prescribed by the Treasury Department, a result which was not accomplished last year. During the past year 4,000,000 ounces of silver have been treated, against 2,200,000 last year, and 210,000 ounces of gold against 117,000 ounces last year. For several days past the Assayer has been engaged in making approximate assays of the Consolidated Virginia bullion received as installments on the \$1,500,000 purchase, \$250,000 of this lot will be coined into dimes and 20-cent pieces at Carson, and the remainder worked up at the Philadelphia mint. Dr. Linderman, Director of Mints, who is expected at Carson in a few days, will make arrangements to increase the capacity of the mint 50 per cent. Coining will be resumed on the 2d or 3d of July.

THE Attorney General has decided a question of nationality and naturalization submitted by the Department of State. The facts are that Mr. A. Steinkoauler, a Prussian subject by birth, immigrated to the United States in 1848, and was naturalized in St. Louis in 1854. When he returned to Germany he took his son, then 4 years old and born in the United States. The son is now 20 years old. The question at issue rose as to the son owing military service to Germany. The Attorney General comes to the conclusion that the boy has two nationalities—one natural and the other acquired. The father, returning to Germany and resuming allegiance, the son partakes of the status of the father, being a minor and having enjoyed protection of the German Government for the time being, or till time of age, owes military duty, the obligation being reciprocal; but when the boy becomes of age he can return to the United States a citizen, with all rights and privileges as such, and would be eligible even to the Presidency of the United States.

WHO JACK COTTON IS.

Our reporter learns from Sheriff Covarrubias that Cotton's real name is John Morton Lockman. He is a native of New York, and was born in Casanova, Madison county. He is one of six children, all of whom were boys, and he was the black sheep of the family. He knows very little of his brothers, having been away from home since '49. He has, however, four brothers living, all of whom are good, honest men. Lockman took the name of Cotton last year while in Mobile, no doubt actuated to do so by crime. He has a wife living in San Francisco, whom he married about fourteen years ago, and who was divorced from him about two years since. His life has been a chequered one and a strange record of crime and hardship. First a sailor, then a miserable "stool pigeon," and now a murderer dyed with the blood of his victim.—Santa Barbara Press.

Up to date Deputy Assessor William Taylor has enrolled some eight hundred persons as residents of Elko, and has a large number yet to list. He estimates that the entire population of the town is between one thousand and eleven hundred, which is pretty good for a small sagebrush community.

No verdict in Brooklyn yet. The obstinate man is believed to be Jeffries. Judge Neilson proposes to keep the jury out six weeks if a verdict is not soon found.

SUSANVILLE ITEMS.

[From the Advocate of the 26th.]

We notice that the farmers along Susan river are having trouble on account of scarcity of water. We hope they may arrange the matter however, without any serious rupture.

Henry Morrison, the Oroville stage driver, informs us that thousands of pelicans are hanging around the waters of Big Meadows. They are very destructive to fish, and the people over there are turning out en masse to slaughter them. One was killed the other day that had forty young trout in its pouch.

Mr. P. Myers has the finest field of wheat about a mile and a half from here we have seen in the county. It will probably yield three hundred per cent. larger than in any previous season.

Frank Isbell, from Little Ash Valley was here this week. He says the hay crop in that valley will be first rate this year.

Anglers are now catching huge strings of trout in Susan river, which the same are most delicious pan fish.

The farmers in several districts in this county have already commenced laying. The hay crop is said to be generally good.

"KING COTTON."—Although the late civil war changed the relations of labor and capital in a material degree in the Southern States, especially in the cotton producing regions, yet old "King Cotton" is coming up again, cheerful and hopeful. The South still holds the monopoly of that product; and though Great Britain has raised large quantities of cotton in India and Egypt, yet she looks to this country for the larger portion of her supply. On the 13th of July, at Raleigh, North Carolina, "a congress of cotton growers" will meet to discuss the matter of increasing the production of cotton; to investigate the present transportation traffic from the cotton fields to the seaboard; and also the prospective growth and development of that great national industry.

GALOPIN.

The winner of the 1875 Derby is thus described: "Galopin is a bay, with a star, stands about fifteen and a half hands high, has most excellent legs and feet, and is said to look a combination of Ortoian and Bingham. He was bred by W. H. Sharp, and was purchased when a yearling by his present owner for three hundred and twenty guineas, and has certainly proven a profitable investment. He was trained at Newmarket by John Dawson. His two-year-old career was a brilliant one, as he won five out of the six races for which he started, and his defeat in the sixth was by no means a disgraceful one. He was about an equal favorite during the winter with Holy Friar in the betting, but he fluctuated greatly, for he was frequently stopped in his work and was a difficult horse to train. He ran a short time ago in a match against Stry Shot, over the Rowley mile at Newmarket, giving Mr. Chaplin's filly ten pounds, which he won without difficulty, which made him the favorite for the Derby. Volteiger and the Flying Dutchman, his two grandfathers, won the Derby and St. Leger in successive seasons. Vedette, the sire of Galopin, won the two thousand guineas, and proved his capability to stay by winning the Doncaster cup two years in succession.

The White Pine News of June 26th comes to us in an enlarged form. It is one of the neatest papers in Nevada, typographically, and is well edited by that old veteran, Archie Skillman. The enlargement of the paper is a significant indication of improving times in White Pine.

An Indiana Judge Tuesday decided that a simple agreement between a man and woman to live together as husband and wife was a real marriage.

Wendell Phillips indorses the financial plank of the Ohio Democratic platform.

NEVADA SUBORDINATE GRANGES.

The following are Organizing Deputies for Granges in this State: A. J. Hatch, Reno; J. R. Livingstone, Genoa; Kimber Cleaver, Mason Valley; B. F. Riley, Paradise Valley; J. A. Tinker, Elko. TOWN AND COUNTRY.

STOCK REPORT.

Table with stock prices for various locations including Morning Board and Afternoon Board.

RACES.—The programme of races to be run over the track of the Nevada State Agricultural, Mining and Mechanical Society, on July 2d, 3d and 5th, under the direction of the Trustees of said society, is herewith published. The purses aggregate \$750. On Friday, the 2d, there will be a running race for \$200, free for all, mile heats, three in five. First horse gets \$150; second horse \$50. On Saturday, the 3d, there will be a \$200 trotting race, free for all, mile heats, three in five, in harness. First horse, \$150; second horse, \$50. And also a running race of a single dash of half a mile, free for all, for \$50. On Monday, the 5th, there will be a trot for \$100, free for all in harness, that have never beaten three minutes; three in five. There will also be a running race for \$200, free for all; half mile heats, three in five. First horse, \$150; second horse, \$50. (In all the above races three or more to enter; two or more to start. The trotting races will be governed by the rules of the National Trotting Association, and the running races by the rules of the California State Agricultural Society. Ten per cent. entrance will be charged in all of the above races.

It is announced that the railroad company will carry passengers to and from the California State Fair at half price. The fair commences September 15th, and will last ten days. This means to and from all points in California, Nevada, we should judge, is not included.

C. O. O. F.—Truckee Lodge of Odd Fellows meet at their hall tonight. All members are requested to be present as business of importance is to be transacted.

UNIFORM BALL.—Tickets for the grand Uniform ball of Amity Lodge, No. 8, K. of P., which takes place at Dyer's Hall on the evening of the 5th, are now being offered for sale by members of that Order. Good string music is "sunshine in the heart" and an element of vitality in any public demonstration. And so as the members desire that this ball shall be a financial as well as a social success they have marked the tickets down to nominal figures, and we trust everybody will regard it as a public duty to buy an admission and a personal privilege to go and have a jolly time.

FURNITURE.—Attention is called to the new advertisement of Mr. B. H. McClure, dealer in furniture. Mr. McClure is one of our most thorough-going business men and fully up to the times in introducing all that is new and fine in his trade—that of furniture. He has recently put in store a very large stock, comprising every variety of upholstered parlor sets, bed-room sets, and a full line of other furniture goods. His prices are always moderate.

OFFICERS ELECTED.—At the regular meeting night before last of Reno Encampment, No. 5, I. O. O. F., the following officers were elected for the ensuing term: J. K. Everett, C. P.; F. A. Teasland, H. P.; Geo. W. Cunningham, S. W.; C. C. Pow-ning, S.; W. T. Frank, J. W.; D. McKay, T.; Thos. Bennett, E. P. Reed and J. S. Shoemaker, Trustees.

Notice.—Birds will be received by the Nevada State Agricultural, Mining and Mechanical Society until 6 o'clock this evening for the sale of the bar and lunch stand privileges for the races this week. All bids must be addressed to W. R. Chamberlain.

Lost.—A pocket book, containing papers and passes. The finder will be rewarded by leaving the same at Salisbury & Reymann's store, Virginia street.

CANARY BIRD LOST.—Jake Becker has lost one of his best canary birds—the spotted one. He will give \$5 to the person who will return it.

A narrow-gauge to Reno would be just at this time one of the most popular enterprises ever undertaken in Nevada.—Virginia Chronicle.

NEW GOODS.—Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hosiery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies handkerchiefs, parasols, Spring shawls, corsets, zephyrs. Millinery and fancy goods of all kinds.

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. St Lee & Co. *

EL DORADO SALOON.—Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons. Musical headquarters.

ROOTS and SHOES, ETC.—It is an established fact that these articles can not be got along without. Hence, it necessarily follows, that in the purchase of them we should not only look to price but to quality. For none of us desire to pay an extortionate price for an inferior quality of boot or shoe. There is no doubt but that John Sunderland can give us complete satisfaction in both respects. Then to Sunderland's, (on Virginia street), we will go, for boots, shoes, slippers, and all goods of that class.

TO ARRIVE.—Rollin P. Saxe, of blooded stock notoriety, has purchased some thirty head of short horns from the best breeders of Kentucky, and will be at Reno in about two weeks, and lay over for the refreshment and rest of his stock, affording a fine opportunity for our farmers to secure such animals as they may need for the improvement of their neat stock.

Miscellaneous.
